has successfully completed the online Professional Certificate

Meta Community Management

In this program, learners developed foundational skills in building, engaging, and moderating online communities across Meta technologies. Through hands-on projects, learners created content, applied analytics and AI-supported tools, and evaluated community performance to support inclusive, goal-aligned community strategies.

This certificate attests to the learner's completion of an online program delivered via Coursera. It does not constitute formal enrollment at any university or entity and does not itself grant academic credit, grades, or a degree.
